# The UK's leading supplier of innovative packaging solutions

Smurfit Kappa UK is part of the world leading Smurfit Kappa Group. With a strong global presence across Europe and into Latin America, the Group is an established driving force in the paper based packaging industry. Smurfit Kappa UK is one of the largest players in the UK. With an extensive product range, formidable expertise and an unrivalled commitment to customer service, we strive to provide innovative and cost effective packaging solutions to suit a diverse range of rapidly evolving markets.

We work closely with our customers and understand the unique challenges they face, which makes us the chosen partners of some of the UK's leading brand owners and manufacturers.

## THE LEADING UK AUTHORITY ON PACKAGING

Smurfit Kappa UK comprises 36 facilities, including five regional corrugated divisions, each twinned with sheet plants, as well as specialist plants for Sheetfeeding, Composites, Solidboard Divisions, Large Format, Point of Sale, Fulfilment Services and Machine Systems.

We manufacture and supply corrugated packaging solutions in every conceivable size, shape, finish and strength. Anything is possible, from heavy duty transit cases to transport engine parts through to press-ready microflutes for carton printing; Smurfit Kappa UK has the technical expertise and board grade to achieve virtually limitless results.

Our conversion facilities create ground-breaking solutions for the most demanding designs, whilst our papermaking sites supply 90% of the paper used within the Group and our regional recycling plants process both our own and our customers' waste.

## HARNESSING THE POWER OF PRINT

At Smurfit Kappa UK, our speciality businesses and sheetfeeding operations set us apart from other packaging companies, strengthened by our print and development capabilities.

Smurfit Kappa UK is dedicated to helping its customers win the battle of the aisles. Our in-house design teams work closely with customers to understand their marketing objectives and explore how improving packaging can help to achieve them.

Our print and design expertise add value, versatility and increased functionality to our range of corrugated packaging products. Smurfit Kappa UK offers consistently high quality print across all processes to assist brand owners in their quest to maintain awareness through the supply chain and emphasise brand characteristics through colour, shape and format.

## SETTING NEW STANDARDS

The Smurfit Kappa Group leads the world in research and development within the packaging industry. In the UK, Smurfit Kappa has responded to its customers needs by dedicating significant resources to product development, innovation, research, testing and support.

Our customers demand hard working packaging that is cost efficient through the supply chain and reflects the quality of their brand through high quality design, construction and print. Smurfit Kappa UK has the tools and resources to meet and exceed this challenge head-on.

At Smurfit Kappa UK, we realise our customers are our greatest asset. That's why our business is set up to respond efficiently, delivering high quality products and services within short lead times.
